    - Plus any outstanding documents not already completed during the course

    - Part A – relates to documents that are required only if these have not previously been submitted – this refers usually only to associate member schools
    - Part C – relates to the group assignments Level 2 and 3. Candidates from the same school complete these together
    - Part D – relates only to Level 2 candidates and include the conduct of a session which has to be assessed
